Energy Label

The image shows a standard EU energy label for a light fixture. At the top left is the EU flag and the word "ENERGY" with a lightning bolt icon. Below this, it says "VK LEADING LIGHT" and "VK/24/5050W/CCT/60". A vertical scale of seven energy efficiency classes (A through G) is shown as arrows pointing right, with class G being the largest and most prominent. Below the scale, the energy consumption is listed as "90 kWh/1000h". To the right of this is a QR code and the date "2019/2015".
